linkedin.com/in/shamseer-tech | github.com/shameerpc

PROFESSIONAL SUMMARY

Full-stack developer building React interfaces and Node.js backends for enterprise, e-commerce, matrimony, billing and education platforms, including client work for Qatar and the UAE. Experience in REST APIs, MongoDB optimization, Redis caching, JWT authentication, role-based access control, real-time messaging and Razorpay payments.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React.js, Redux Toolkit, Context API, Tailwind CSS, Bootstrap, HTML5, CSS3; Angular (basic)

Backend: Node.js, Express.js, Adonis.js, REST APIs, Socket.io, JWT, RBAC, Razorpay, webhooks

Data & Tools: MongoDB, Mongoose, aggregation pipelines, Redis, Git, GitHub, GitLab, Postman, Swagger UI, Axios, Jest, Multer, Sharp

Additional: Prompt engineering | **Currently learning:** TypeScript, Docker, PostgreSQL and AWS fundamentals

PROFESSIONAL EXPERIENCE

Freelance Developer (MERN Stack) Mar 2024 - Present
Remote, Kerala, India
- Developed backend features for Al Shareef Holding and Value FM in Qatar / UAE, including JWT authentication, role-based access control and automated alert emails.
- Built the live Moestay admin frontend using React.js and Tailwind CSS, with responsive role administration and system monitoring screens.

Software Developer | Pokak Technologies Aug 2025 - Aug 2026
Kochi, Kerala
- Built responsive React.js applications, reusable Tailwind CSS components and role-based admin dashboards; developed REST APIs using Node.js and Express.js.

Node.js Developer | Prowebic Pvt Ltd Feb 2025 - Jun 2025
Bengaluru, India (Remote)
- Developed Shaadi4India authentication and subscription APIs, plus real-time chat and notifications with Socket.io.
- Improved query performance by 35% through MongoDB aggregation optimization and Redis caching.

Node.js Developer | Webandcrafts Nov 2023 - Mar 2024
Thrissur, Kerala
- Integrated Razorpay payments with secure webhooks; built MongoDB aggregation reporting APIs, error-handling middleware and logging.

Node.js Developer | Seeroo IT Solutions Jan 2022 - Oct 2023
Kochi, Kerala
- Designed and documented 40+ REST APIs with Swagger UI; developed JWT-protected CMS features with RBAC.
- Built a multi-format upload pipeline using Multer and Sharp for image optimization.

SELECTED PROJECTS

Al Shareef Holding Portal | Qatar | Backend: Built the Node.js, Express.js and MongoDB backend from scratch for facility management, real estate, trading and F&B workflows, with RBAC. A separate team built the Angular frontend.

Value FM | Qatar / UAE | Backend: Production platform with JWT authentication and automated alert emails.

Shaadi4India | Backend: Matrimony platform with authentication, subscriptions, Redis-backed functionality and Socket.io chat and notifications.

KICKS E-Commerce, Supermarket Billing & Education Platform | Frontend: Built React.js and Tailwind CSS product catalog and cart interfaces, billing and inventory screens, and admin and instructor dashboards.

Moestay Admin Platform | Frontend: React.js and Tailwind CSS administration interface. moestay-admin.netlify.app

EDUCATION & CERTIFICATIONS

BA English - SVS University, Kerala (2025) | **Higher Secondary** - Ansar Junior College (2013-2015)

MERN Stack Development - Zoople Technologies (2023) | **MERN Stack Internship** - Calicut Cyberpark (2024)

One Million Prompters (Al Prompt Engineering) - Dubai Future Foundation and Dubai Centre for Artificial Intelligence | **Digital Marketing** - Digital Magnet (2024)
